

LEOPARD 31 SPORT M/Y "OSE"

LEOPARD 31 SPORT M/Y "OSE"

Welcome onboard M.Y. OSE , a beautiful maintained Leopard 31 Sport.

This superyacht has been manufactured in 2008, launched in 2009 and commissioned (engine initial starting date in 2012)

The hull and superstructure are entirely painted in dark grey / anthracite color and make the appearance even more impressive as the Leopard 31 already is.

Refitted in 2019, M.Y. OSE is maintained in mint condition throughout by its professional crew.

A zero-speed Seakeeper stabiliser system has been fitted in 2020 for maximum comfort at anchor.

The aft deck can be covered with a large solid Bimini top system, offering max protection to the elements.

Triple MTU M93 engines coupled to Rolls Royce Kamewa jets , offer a 28 knots cruising speed and a top speed of 36 knots.

The 4 cabin layout sleeps up to 9 guests, while the yacht can carry up to 6 crew maximum.

M.Y. OSE is commercially registered in France and has just finished her winter works and pre-season serviced, she is fully ready for the season.

LEOPARD 31 SPORT M/Y "OSE"
